

South Dakota's 69 conservation districts are dedicated to sustaining the state's natural resources - soil, water, air, plants, humans and animals - for a better quality of life for all citizens.

HOW DO WE HELP YOU? Conservation.

We coordinate assistance from all available sources—public and private, local, state and federal—in an effort to develop locally-driven solutions to natural resource concerns.

We promote the value and importance of conservation so future generations enjoy what we have today.

We teach you how to conserve our natural resources.

We supply you with the tools to *take action* - and implement conservation practices into your every-day life.

CLEAN. CLEAR. CONSERVATION.
