

# New 26' Drill Rental

**The Minnehaha Conservation District has just improved your field time and made all your drilling needs more efficient with our new 26' Great Plains No-Till Drill!!**

The Great Plains 26 foot 2S-2600HD no-till drill will help you make quick work of all your drilling needs by precisely placing seed with high capacity seed boxes, superior flexibility, and excellent ground hugging abilities. Features are as follows...

- Pressure compensating down pressure
- Biggest in class 3.2bu/ft seed box capacity to keep you in the field longer for maximum acre coverage
- Offset opener blades with leading edge for better penetration and residue cutting
- 7.5" row spacing
- Independent Sub-frames with 2 hydraulic cylinders per section to conform to any planting surface
- Lift only the openers during field turns speeding up end row cycle times
- Folds up to 15' and can be transported fully loaded
- Must be pulled with a minimum of 150 horsepower tractor.

For your smaller jobs we offer for rent a John Deere 1590 15' no-till drill.

We also offer a 6' or 10' Great Plains no till drill that is rented with tractor and an operator for your convenience.

Please give John Parker a call today at **605-370-3480** for more information and to schedule your rental!!
